MOBILE BUSINESS APP

Business Push Notifications!!!

PUSH NOTIFICATIONS

PLUS PICK TWO FEATURES BELOW INCLUDED IN THE APP DESIGN:

BUILD Customer Loyalty & Retention

PUSH Notifications offer targeted and realtime communication. "You might not read all your emails, but you will review all your PUSH notifications on your phone!" Connect with your subscribers in a personal and non-intrusive way with PUSH notifications.

INCREASE WEBSITE TRAFFIC

The App seamlessly interacts with your website pushing traffic to your website.

Typically 20% of your list buys 40% of your product. Increase your loyal customers by touching them in a closer and non-intrusive way, which assists greatly in customer retention.

EVENTS/PROMOS

TIRED OF YOUR EVENTS OR PROMOTIONS NOT BEING SEEN IN TIME?

Send segmented PUSH notifications reminding people of your events and/or promos.

WINE/BREWERY STORE LOCATOR

Your customer can not find your products at local liquor stores in their area, with the App they now can, and even specific products. Import your data so no data entry. INCREASE YOUR SALES!

AWARD PROGRAMS AND/OR GIFT CERTIFICATES

Awards can be entered by the administer which is a process some restaurants and stores prefer to do, or they can be trigged by actions on the app. Customers can buy, create and send Gift Certificates.
